

October 4, 2018

Dear Mr. Gregory:

On behalf of more than eighteen thousand licensed, professional Community Association Managers (CAM's), who manage more than fourteen thousand community associations and six million Florida homeowners, I am pleased to announce that Chief Executive Officers of Management Companies (CEOMC) has endorsed your 2018 Campaign.

As we discussed in your Interview, CEOMC is focused on these primary core values for our homeowners and CAM's:

1. Protecting the quality of life of our homeowners.
2. Ensuring an affordable cost of living for our homeowners. And
3. Supporting the licensed, professional CAM's who enable our homeowners to enjoy a quality of life they can afford.

At a minimum, your 2018 Endorsement includes the following:

1. A forthcoming financial contribution to your campaign in the amount of \$1,000.00. **Please provide us with a mailing address upon receipt of this letter.**
2. An electronic copy of our Logo (attached), which may be used in your campaign or promotional materials. And,
3. **If available**, a list of CEOMC-managed Associations located in your District who will be notified of our Endorsements. However, these Associations and their names may not be used in any campaign or promotional materials.

We trust this Endorsement will, at a minimum, inform your views on the issues that matter to the CAM's we employ and homeowners we represent as you complete the final days of your Campaign.

We wish you the very best and Congratulations!

Sincerely,

Mark Anderson
Executive Director, CEOMC
